

GESTURE BEAM 500

120W LED Moving Head Spotlight w/ Motorized Focus and Searchlight Mode

With its powerful 120W LED lamp, the Gesture Beam 500 projects a brilliant, crisp, tight beam for precise aerial effects and also offers a searchlight feature with stand-alone sky-scanning mode. Four slave modes create complex auto programs without a DMX controller and the full color menu conveys all the essential information quickly and clearly.

- 120W LED
- Motorized focus control via DMX or stand-alone menu
- Searchlight Mode in stand-alone operation
- 4 slave modes create complex auto programs without a DMX controller
- Full-color menu: Easy-to-read, detailed menu system
- ¼-turn mounting bracket included for faster setup between shows
- Power Linking enables faster setup with fewer cables
