

## ONSET 120 WW

120-Watt Warm-White LED Ellipsoidal Framing Spot

Put your stars in the spotlight! Give your top attractions the attention they deserve with the Onset 120WW. It projects a vibrant, crisp gobo exactly where you need it, while its framing shutters enable you to precisely shape the beam and direct the light. It's fully compatible with industry-standard lens tubes and Power Linking means faster setup with fewer cables.

- 120-watt warm-white COB LED with ellipsoidal framing spot
- Framing shutters shape the light beam and crop unwanted output
- Standard gobo slot for use with glass or steel gobos and other accessories
- 4 selectable dimming curves
- Control panel with LCD display and 4 soft keys
- 26-degree lens included
- Interchangeable with industry-standard lens tubes
